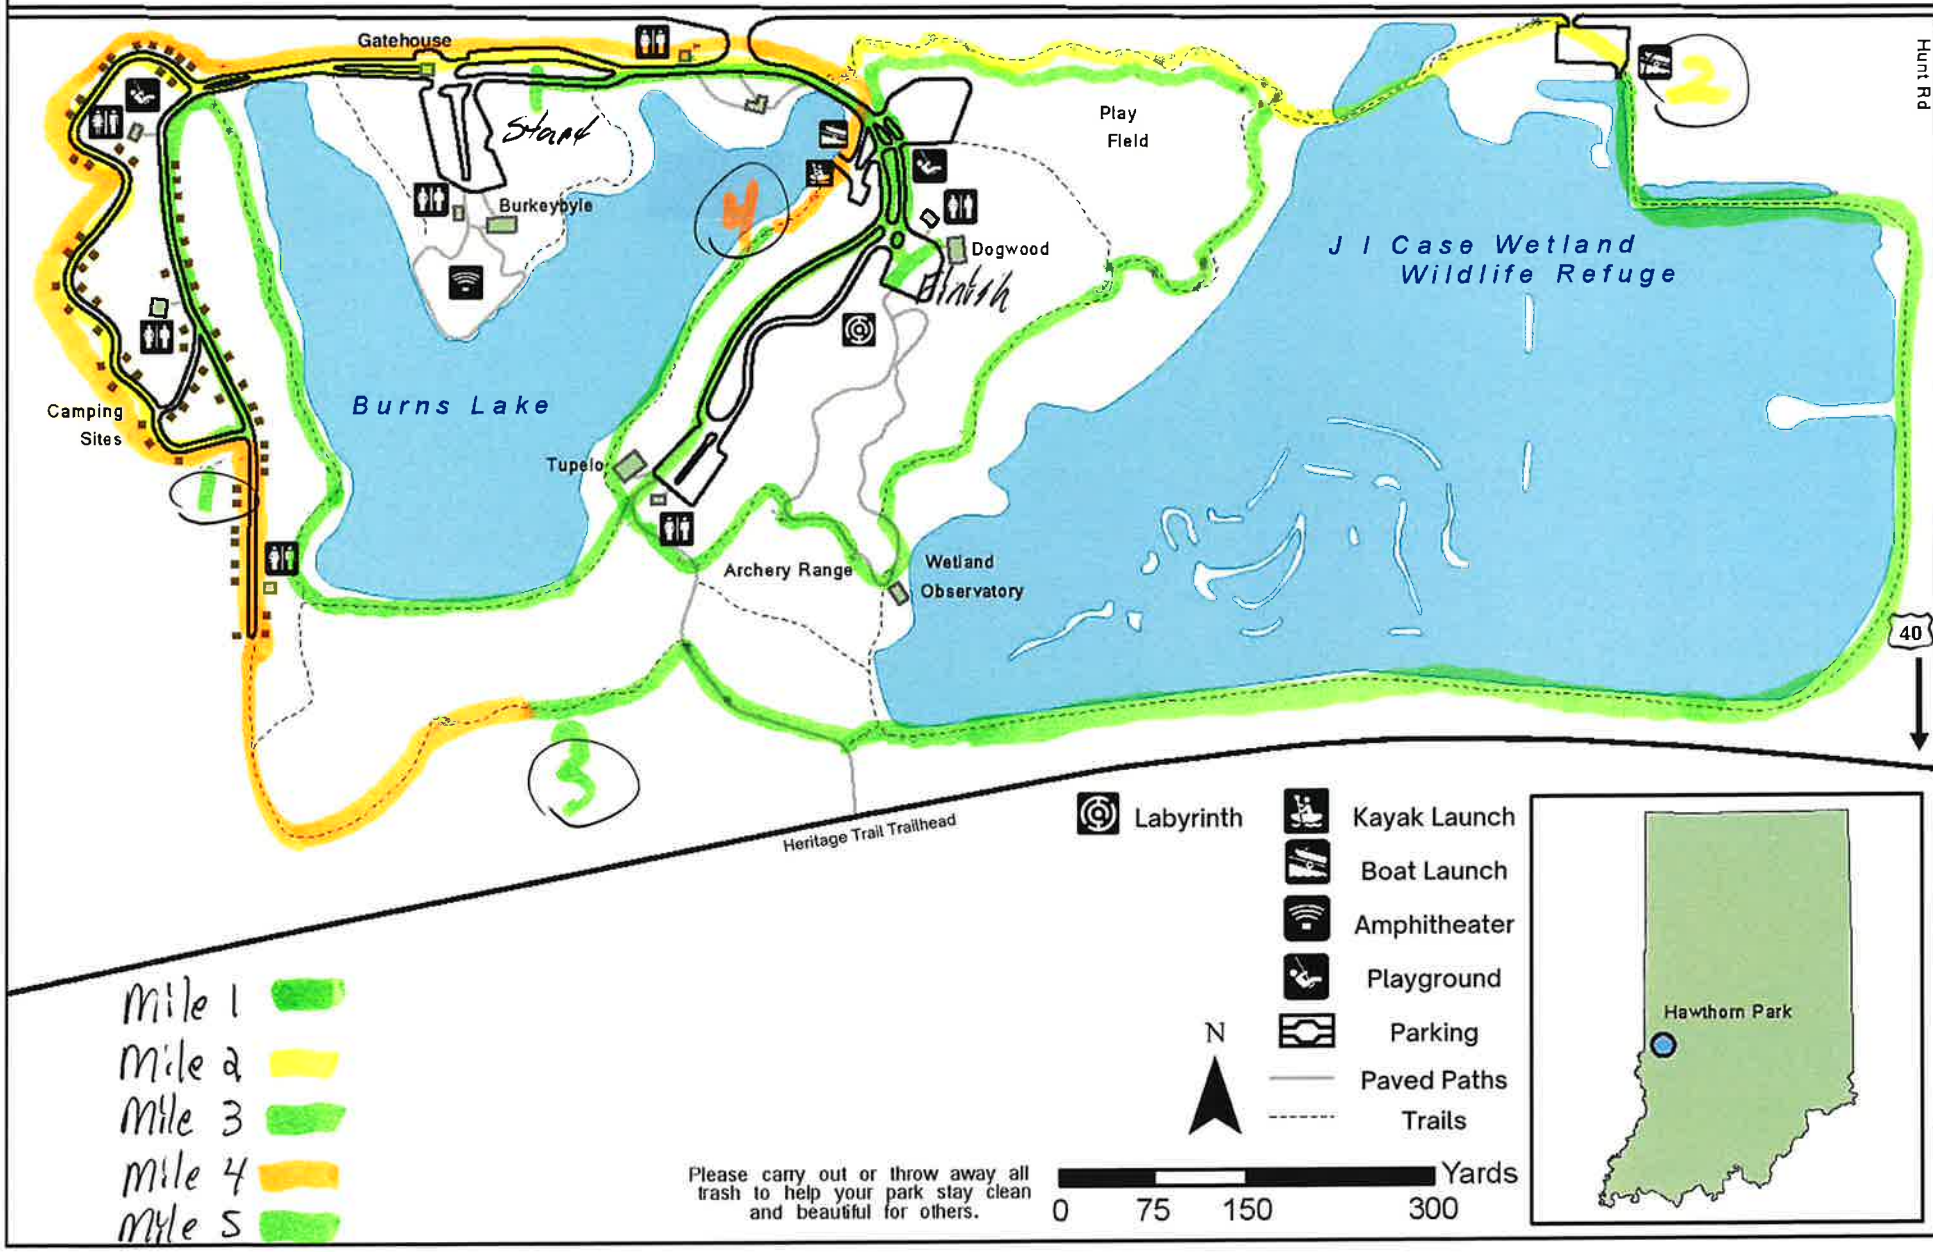
Swamp Stomp
5 Mi Run



Swamp Stomp Course: 5 Mile Run

Start at the top of the hill to the west of the entrance.

Mile 1 goes past the entrance towards Tupelo, continue around the lake and onto the trail. Take a left off the trail into the campground and turn left, follow the road and take a right to loop around the back of the campground. Mile 1 is just after taking that right.

Mile 2 continues around the back of the campground and along the main road, past the entrance and turn left onto the trail that will take you around the Wetlands. Mile 2 is at the end of the parking lot as you continue around the Wetlands.

Mile 3 continues around the wetlands, down the small hill and back on the trail heading into Hawthorn Park. Take a left onto the South trail that will take you to the rear of the campgrounds. Mile 3 is just after you turn left onto that trail.

Mile 4 continues around the trail and up the steep hill into the campgrounds. Once in the campground, you will take your first left and go around the back side of the campground and back to the main road and past the entrance. Just after the entrance, you will take a right towards to boat ramp and onto the trail on the East side of the lake. Mile 4 is just after you enter this trail.

Mile 5 continues on that trail and across the path near Tupelo and down the hill towards Rose Hulman. At the bottom of that hill, turn left onto the trail that goes around the archery range, at the top of that trail, turn right onto the paved path and it will loop around to the Wetland Observation Area, turn right onto the trail just past that and follow along. At the end of that trail, you will go up a small hill and turn left in reverse of when you went to the Wetlands and head towards the finish. As you finish the trail, take a left onto the road and head to the finish line.
